JDI ambassadors to meet online: international cooperation, TRUTH and UN engagement

On 28 October, Kathrin G. Kind will host the Just Do It ambassadors' meeting, covering TRUTH Magazine, JDI initiatives and updates on UN engagement.

TRUTH Magazine Editorial Team | 27.10.2026

Preview based on Kathrin G. Kind's meeting notice supplied to the editorial team. JDI organises the meeting; UN-related matters are agenda topics. TRUTH Magazine is published by the Support Center Association "Just Do It".

International cooperation needs regular conversations about progress, outstanding work and emerging opportunities. On Wednesday, 28 October 2026, ambassadors of the Support Center Association "Just Do It" will meet online to discuss JDI initiatives and the next steps in their shared work. Prof. Dr. Kathrin G. Kind is organising and hosting the meeting.

The session is scheduled for 18:00–19:05 in the Europe/Oslo time zone. On that date, this is also 18:00–19:05 in Poland, or CET. This preview describes the planned agenda; it does not report decisions already made or outcomes already achieved.

TRUTH Magazine: upcoming interviews and newsroom development

The agenda includes an update on TRUTH Magazine, preparations for the next round of interviews and the involvement of the first volunteer supporting this work. The discussion will provide an opportunity to consider publishing plans, the organisation of editorial work and how international connections can help the team reach potential interviewees.

For the magazine, bringing different perspectives together goes hand in hand with careful preparation. The planned exchange will help ambassadors understand the project's needs and discuss possible ways of supporting its continued development.

JDI-CW and new connections

Participants will receive an update on JDI-CW and hear about connections made. They will be able to share information and discuss which relationships could be developed in the Association's next stages of work. Specific decisions will depend on the discussion.

UN engagement and AI governance

Kathrin will share updates on her representation of JDI in connection with the 81st session of the United Nations General Assembly. A separate agenda item concerns her representation of the Association at the UN Human Rights Council in relation to AI governance.

Human rights, responsible technology and civil society participation in international debate provide a common frame for these topics. The session is intended to review experiences and connections associated with this engagement. It is a JDI-organised meeting that includes UN-related matters, rather than an event organised by the United Nations.

Meeting details

Date and time: Wednesday, 28 October 2026, 18:00–19:05 CET. Format: an online meeting of JDI ambassadors via Google Meet. Invited participants have received access details through the meeting correspondence.

According to Kathrin's notice, the session will not be recorded. Comprehensive minutes are to be circulated afterwards so that those unable to attend can also review the discussion and any agreed next steps.
